

# EMS To Distribute Creaform 3D Scanner & Portable CMM Systems

## Tampa, Florida – June 21<sup>st</sup>, 2012

EMS Inc., the premier provider of rapid product development equipment and services including 3D Printers and 3D scanners announced today that it will be distributing Creaform's complete line of hand held 3D scanners and portable CMM probing systems.

Creaform based in Levis, Quebec has long been known as the premier provider of handheld 3D scanners and recently has added optical handheld 3D scanners and probing systems as well as photogrammetry to their portfolio of products.

EMS has a long history of selling Creaform products under the Z Corp Z Scanner name and was named the number one reseller of Z Scanner and RapidForm 3D scanning software in 2011. In fact, EMS has sold more Z Scanners than any other reseller in the US since 2006. "We are excited to be able to continue selling Creaform products and with this new relationship EMS has the ability to sell the complete Creaform product line-up including their optical 3D scanning and probing systems," stated Mark Kemper President and CEO of EMS, Inc. "For EMS, this will be business as usual but with a direct relationship with Creaform," Kemper continues. "We see nothing but benefit from this relationship moving forward".

EMS will continue to sell, service, support and train its existing and new customers from its 3 offices located in Florida, Georgia and Michigan.

### About EMS

Since 2001 EMS has grown to become one of the premier providers of 3D scanning, product design and rapid prototyping products and services. With over a decade of experience in providing high quality services and products, we have helped thousands of clients across a variety of industries build and manage their ideas and bring them to life. EMS is based in Tampa, FL and has offices in Atlanta, GA and Auburn Hills, MI.
