EMS is Worldwide Z Corporation Z Scanner Leader for 2008

Engineering & Manufacturing Services Inc (EMS) sold more Z Corporation 3D scanners than any other company in the world in 2008 to obtain the number one ranking. EMS continues to sell more 3D printers and 3D scanners than any other company, a ranking EMS has held for 3 consecutive years.

According to president, Mark Kemper, "the new Z800 3D scanner from Z Corp with its unmatched speed, portability, and high accuracy allowed us to take the number one position. The key to our success was our dedicated staff of scanning engineers who know how to solve complex reverse engineering and scanning problems." In addition, to its Tampa, FL headquarters EMS opened an office in Orlando and Atlanta in 2008 to help facilitate its aggressive growth in the southeast, Kemper continues.

EMS, sells rapid product development products and services including Z Corp 3D Printers and 3D Scanners, SensAble Technologies, Materialise Magics RP & Mimics and SpaceClaim CAD software. EMS has offices in Atlanta, Orlando and Tampa, Florida.

Z Corporation develops, manufactures, and markets the world's fastest 3D Printers - machines that produce physical prototypes quickly, easily, and inexpensively from computer-aided design ("CAD") and other digital data. Z Corp.'s 3D Printers are used by numerous Fortune 500 companies to make prototypes ranging from toys for market feedback to fan blades for functional testing. Z Corporation's prestigious list of over 1000 customers worldwide includes: Sony, Fisher-Price, Adidas, Canon, Daimler, Nike, NASA, Lockheed Martin, Northrop Grumman, BMW, Porsche, United Technologies, Ford, DaimlerChrysler, Harvard, MIT and Yale.
